Dr Margaret Kearns is one of Australia's most experienced general ophthalmologists with subspecialty expertise in cataract and refractive surgery, diabetic retinopathy and treatment of other retinal problems.

She is a medical graduate of Sydney University and is a Fellow of The Royal Australian and New Zealand College of Ophthalmology. She has completed a fellowship in Diabetic Eye Disease and Medical Retina at Moorefields Eye Hospital and Hammersmith Hospital in London.

She is a Visiting Medical Specialist at Royal Prince Alfred Hospital and has served as head of the Department of Ophthalmology. She is a member of the New South Wales Registrar Training Committee (Ophthalmology) and is involved in Registrar selection and training.

She is a founding partner of The Sydney Eye Specialist Centre with Dr Richard Smith.

A member of many National and International Ophthalmic Associations, Dr Kearns has presented scientific papers both locally and overseas.
